 - Fixed issues: 3
 - Known issues: 3

Aras Innovator Version Support

Minerva Products 11.6.1 is supported on Aras Innovator Version 12 Service Pack6.

It is possible that Minerva Products 11.6.1 will work without issues on other service packs of Aras Innovator version SP2 but they are not supported in this 11.6.1 release.

All other compatibilities (Browsers, Operating Systems, etc.) are as per Aras Innovator Version 12 Service Pack 6.

Electronic PLM 11.6.1

New Features

This release mainly focus on supporting EPLM 11.6.1 for Aras Innovator 12 SP6. Besides that the following new feature has been implemented.

Import Tool- New behaviour regarding ECO

During the Import Process, the option "Add To ECO" is selected automatically. For those situations where the creation of an ECO is not mandatory, it is possible to remove the checkmark id wanted.

Fixed issues:

The following issues have been fixed in Electronic PLM 11.6.1

Tracker ID	Summary	Remarks
MS-972	Can't choose a Target Production State on a MCO	
MS-981	Import Tool- Add to ECO doesn't work	
MS-978	Import Tool- Wrong state on ECO created from import tool	
MS-983	Import Tool: Cannot import Bom to a part where an ECO exists	

Known issues:

The following issues are known issues in Electronic PLM 11.6.1

Tracker ID	Summary	Remarks
MS-1171	MCO: The column "Target Production State" contain a text box instead of drop down menu. The production state must be written.	An issue when used on SP7
MS-1089	The Import Tool doesn't work with single sign on	Caused by Aras security, must be solved by a work around at the customer
MS-1166	Permission set: Parts are still visible after removal from the permission set.	
MS-1095	Minor Revision is not reset on a copy of a part
